

# PLANNING PERMISSION FOR NEW SITE

**Herrco Cosmetics is extremely pleased to announce we have secured planning permission for a further development, which will include a much bigger warehouse, new offices and a state of the art research and development facility.**

Herrco Cosmetics have been growing rapidly over the last 5 years and as the fastest growing cosmetics manufacturer in Europe rapidly running out of space, this approval will enable us to further expand our business. The increased warehouse space means a combined onsite/offsite storage of over 4000 pallets, a new innovation centre which will enable Herrco Cosmetics to house the ever expanding team and a state of the art laboratory and testing facility.

Naturally this is brilliant news for Herrco Cosmetics but also for the local area; enabling future business growth and securing further employment within all departments of the business.

**THIS IS A VERY EXCITING TIME, THERE IS SUCH AN ENERGY AND BUZZ AT OUR SITE ABOUT WHAT WE ARE ACHIEVING.**

**OUR SUCCESS COMES FROM CREATING WORLD LEADING FORMULAS, AND NOW WE CAN BACK THIS UP WITH A NOW LEADING BRITISH MANUFACTURING SITE.**

APRIL 2014
