

Bulk Production Operatives

Herrco Cosmetics have a new opportunity for **Bulk Production Operative** to join our team based in **Halesworth, Suffolk**.

We are offering a starting salary of **£19,000** per annum

The Job:

Working in a bulk filling environment, setting of and responsible for the assembly of the entire product(s) to the set specification and quality standards. Producing to the specification given and meeting expectations required at all times. Cleaning and sanitisation of bulk filling equipment to the company's policies and procedures and abide by housekeeping, quality standards, protocols and company rules.

Herrco Cosmetics...

...are an innovative UK based cosmetics manufacturer, specialising in bespoke product development and formulation. For over two decades, we have been creating some of the most well-known cosmetic products in the UK, and year on year, our formulations are winning increasingly prestigious awards in top cosmetics ceremonies.

Manufacturing cosmetics and personal care products spanning skin care, bath, body, and aromatherapy products, as well as more niche markets such as mother & baby, Sun Protection factors and organics, Herrco is a thriving family business whose company philosophy is firmly rooted in providing flexible innovative solutions for our clients' production criteria.

We are now looking for talented people to come and join our team. We recruit people who believe in the things we do, people who are motivated, hardworking, and have a 'can do, will do attitude'.

Bulk Production Operative Job Duties:

- Full time working hours over weekly rotating shift patterns of 6am – 3pm and 1pm - 10pm
- Working in a hygienic manufacturing environment, weighing and preparation of raw materials
- Manufacturing gels, emulsions, and various cosmetics products following set methods and specification to quantities of 50kg – 4000 kg
- Ensuring strict hygiene, housekeeping, protocols, company rules and procedures are being met
- Working in a strictly controlled quality environment
- Clear structured career development plans to progress your career.

Essential Requirements:

- Previous experience in a manufacturing or production environment
- Excellent literacy and numeracy skills to follow strict instructions and communicate with colleagues
- High levels of attention to detail
- Good statistical and numerical ability
