Job Summary

Are you an experienced Engineer looking for your next job opportunity? Want to work for a fast growing company with many engineering challenges ahead? We want to hear from you! As an Engineer you will improve manufacturing efficiency by analysing and planning work flow, space requirements and equipment layout. You will set up production lines and performance monitoring, carry out planned maintenance, resolving any engineering issues within tight timescales and to deadlines and minimise machine downtime. You will deal with contracts and contractors as and when required ensuring compliance with safety as well as deliver projects, either sole projects or as part of a team working together. The shift pattern is: 05:30 - 14:30, 13:00 - 22:00 or 08:00 - 17:00, 41.25 hours per week.

What Is On Offer?

- 30 days holiday (Inc. Bank Holidays)
- Extra 1 day holiday for every 2 years' service up to 10 extra days
- Monthly employee events
- Free parking
- Generous compassionate and emergency leave policy
- Sick pay scheme
- 3.25% Employer pension contribution
- Employee of the Month.

What We Need From You?

- Substantial experience as an engineer ideally gained within a manufacturing environment, although we recognise transferable skills
- Recognised engineering qualification
- A Health & Safety qualification is desirable
- Experience problem solving and trouble shooting skills
Excellent coaching, leadership and people management skills
- Methodical ways of working and highly organised
- Able to delegate, prioritise and manage multiple tasks
- Energy, drive and flexible approach to working in a fast-paced business.
