About Herrco Cosmetics

A thriving family-owned business based in Halesworth, Suffolk that has been rapidly growing for 30 years and now employs over 160 staff across many different specialisms.

We are an innovative cosmetics manufacturer specialising in award-winning bespoke beauty product development and formulation, spanning skincare, bath and body care, haircare, sun care and much more.

We recruit people onboard our rocket ship who believe in the things we do, who are motivated, hardworking, and make it happen!

Herrco Cosmetics is an equal opportunities employer and is fully committed to treating all of its employees and job applicants equally

Job Summary

We are offering an amazing career path opportunity to join our expanding team and develop your skills. Working with premium brands and formulating high quality products is our core business. We live and breathe innovation and new technology. We thrive on seeing our customers' successes through excellent formulations, and foster a close working relationships with them.

Exciting Job Duties Include:

- Working with and aligned to a Development Chemist, taking part in the NPD process of taking briefs from concept through to launch.
- Consolidating test results and analysing findings.
- Supporting and monitoring the product development process including producing samples, sending customer samples, placing samples on testing, scale up of development and investigating/solving stability and production issues.

What We Need From You:

- Experience gained from internships/placements (or similar) in a related lab environment
- Chemistry graduate or similar
- Highly organised with the ability to multi-task
- Excellent accuracy and attention to detail
- Competent with MS Office
- Excellent communication skills
- Business savvy and commercial awareness
- Natural creativity and flare for product development and innovation
