About Herrco Cosmetics

A thriving family-owned business based in Halesworth, Suffolk that has been rapidly growing for 30 years and now employs over 160 staff across many different specialisms.

We are an innovative cosmetics manufacturer specialising in award-winning bespoke beauty product development and formulation, spanning skincare, bath and body care, haircare, sun care and much more.

We recruit people onboard our rocket ship who believe in the things we do, who are motivated, hardworking, and make it happen!

Herrco Cosmetics is an equal opportunities employer and is fully committed to treating all of its employee's and job applicant's equally

Job Summary

Are you an experienced maintenance Engineer (electrical bias), currently looking for a fast-paced, challenging opportunity within a rapidly expanding well-invested company?

You will support/drive the Engineering Team to ensure optimum operation of production lines, assist in minimising line downtime and deliver best practice maintenance. You will have the ability to coach/mentor other Engineers, sharing your knowledge and experience for future growth.

Keen to get involved in capital improvement projects, such as installation of new machinery and production lines? Apply today. The shift pattern is: 05:30 - 14:30, 13:15 - 22:15 (weekly rotating) 41.25 hours per week.

What We Need From You

- NVQ level 3 or above with a minimum of 3 years Engineering experience, ideally gained within an FMCG environment or similar
- BS7671 18th Edition and C&G2391 or equivalent
- Ability to develop/mentor other members of the Engineering team
- Ability to delegate tasks to ensure best practice maintenance standards are achieved
- To be proactive in continuous improvement
- Ability to work with external contractors
- Excellent communication skills
- Support in Health & Safety and ensure compliance
